Reminder to Parents/Guardians to please ensure your child's clothing is clearly labelled with their name. Also, parents and students are encouraged to check the lost and found as our collection is growing.

Troll Ski Program

Some of our intermediate classes will have the opportunity to downhill ski/snowboard at Troll Resort. We have booked three ski dates: **February 10, 13 & 14, 2025**. Students who wish to take part for less than three days may do so. If a student is able to attend for only one day, it must be the first day, Monday, February 10th. Reporting Student Progress

The K-12 Student Reporting Policy (the “Policy”) outlines the requirements for communicating student learning: it requires concise Descriptive Feedback in clear and accessible language to ensure students and families understand where the student is at in their learning, and areas for further growth. The Policy also requires Student Self-Assessment of Core Competencies and Student Goal Setting as part of the reporting process. For Grades K-9 the Policy requires use of the Provincial Proficiency Scale.

Provincial Proficiency Scale – is a scale used to communicate a student’s progress in relation to the learning outcomes, with the following 4 indicators:

- Emerging;
- Developing;
- Proficient;
- Extending.

All learners benefit from individualized descriptive feedback and personal involvement in the assessment process. Meaningful and flexible communication of student learning in clear and accessible language enables parents/guardians, students, teachers, and administrators to proactively work together to enhance student learning. This Policy ensures the student and parents/guardians are partners in the dialogue about the student’s learning and the best ways to support and further learning. Students benefit when they and their parents/guardians are made aware of their strengths and areas of needed growth and are provided support early.
